Which Program Area are you reporting to?

ANRE  CRED  FCS  Youth/4H

Knowledge Area/Code

Reporting Year

## Programs focused on increasing access to health food.

1. Which of the following best describe the focus and intent of this programming. [check the best]

- Improving family choices about the where/when to purchase food.
- supporting business, food product supply and/or distribution.
- support and/or research into new food product development.
- work with government & community organizations on food related issues.
- other (you describe):

(Narrative Description)

2. Narrative Description – programming on expanding access to healthy food choices.

*(Your description should include: program name, short description, the program intent, its target audience, and most relevant short impact statements. Please include a description of the program geographic scale/scope (i.e., the targeted area, community, metropolitan area, county, etc.). Also, please include names of partners who may also be reporting these impacts.*

(Insert text here)

3a) How many families were reached by this extension programming related to making improved choices in where/when food is purchased? →

number of families/households reached

3b) How many families made a positive change in accessing health food? →

number to be compared with response to 3a.

4. Description of impact – working with business to improve access.

*(Please provide a narrative impact statement on the creation or expansion of food related businesses, products and/or overcoming challenges in the food supply chain to the consumer. Please, at a minimum describe: (1) type of food related business support, (2) how that impacts access to food by families/individuals; and (3) number and/or potential numbers of families with increased access to healthy food choices.)*

(Insert text here)

5. Description of impact – new food product development.

*(Please provide a narrative impact statement on the creation or expansion of food related products. Please, at a minimum describe: (1) the product and why it is a healthy food choice; (2) Extension's role in the development of this new product, (3) impact on the family/individual consumer; 4) impact related to new business creation, expansion, impact on secondary processing, and/or farm enterprises.)*

(Insert text here)

6. Description of impact – working with communities & organizations.

*(Please provide a narrative impact statement on how this extension programming has governments, communities, and organizations improve access to healthy foods. Examples include community planning, neighborhood business recruitment, working with public meal providers on choice and selection, etc.)*
